

**Safety Data Sheet (SDS)** According to the REACH Regulation (EC) No. 1907/2006

**Issuing Date:** 2021-11-15

**Version:** 1

**SECTION 1: Identification of the substance/mixture and of the company/undertaking**

**1.1 Product identifier**

|                           |   |
|---------------------------|---|
| Product No                | 7TM0039N  |
| Product name              | BB2 (non-phospho) Bombesin Receptor 2 Antibody  |
| Reach registration number | This substance/mixture contains only ingredients which have been registered, or are exempt from registration, according to Regulation (EC) No. 1907/2006. |

**Contains**

| Chemical Name          | Index No.    | CAS No     |
|------------------------|--------------|------------|
| sodium azide (0 - 10%) | 011-004-00-7 | 26628-22-8 |

**1.2 Relevant identified uses of the substance or mixture and uses advised against**

**Identified uses**

For research use only

**1.3. Details of the supplier of the safety data sheet**

**Supplier**

7TM Antibodies GmbH

Hans-Knöll-Str. 6

07745 Jena – Germany

TEL: ++49 151 20130575

FAX: ++49 3641 241 49 58

Email: [info@7tmantibodies.com](mailto:info@7tmantibodies.com)

Website: [7tmantibodies.com](http://7tmantibodies.com)

**1.4. Emergency Telephone Number**

**Emergency telephone - Tel: +49 151 20130575 (09.00-18.00/Mo-Fr)**

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

Regulation (EC) No. 1272/2008

This substance is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]

### 2.2. Label elements

Supplemental hazard statement(s)

EUH210 - Safety data sheet available on request

### 2.3. Other hazards

May produce an allergic reaction.

*For the full text of the H-phrases & EUH-phrases mentioned in this Section, see Section 16*

## SECTION 3: Composition/information on ingredients

### 3.1. Substances

| Chemical Name | CAS No     | Weight % | EC No     | Classification (1272/2008)  | REACH Registration Number |
|---------------|------------|----------|-----------|---|---------------------------|
| sodium azide  | 26628-22-8 | 0.02     | 247-852-1 | Acute Tox. 2 (H300)<br>Aquatic Acute 1 (H400)<br>Aquatic Chronic 1 (H410)<br>(EUH032) | No data available         |

*For the full text of the H-phrases & EUH-phrases mentioned in this Section, see Section 16*

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                |   |
|----------------|---|
| General advice | Use first aid treatment according to the nature of the injury. When symptoms persist or in all cases of doubt seek medical advice.                        |
| Inhalation     | IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention immediately if symptoms occur.            |
| Skin contact   | Wash skin with soap and water.  |
| Eye contact    | Rinse thoroughly with plenty of water, also under the eyelids. Keep eye wide open while rinsing. Get medical attention immediately if irritation persists |
| Ingestion      | Clean mouth with water and afterwards drink plenty of water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person.               |

#### **4.2. Most important symptoms and effects, both acute and delayed**

Symptoms of allergic reaction may include rash, itching, swelling, trouble breathing, tingling of the hands and feet, dizziness, lightheadedness, chest pain, muscle pain, or flushing.

#### **4.3. Indication of any immediate medical attention and special treatment needed**

**Notes to physician**                      Treat symptomatically.

### **SECTION 5: Firefighting measures**

#### **5.1. Extinguishing media**

|                                |   |
|--------------------------------|---|
| Suitable Extinguishing Media   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| Unsuitable Extinguishing Media | No information available.   |

#### **5.2. Special hazards arising from the substance or mixture**

Thermal decomposition can lead to release of irritating gases and vapors.

#### **5.3. Advice for firefighters**

Wear self-contained breathing apparatus and protective suit. Use personal protective equipment.

### **SECTION 6: Accidental release measures**

#### **6.1. Personal precautions, protective equipment and emergency procedures**

|                             |   |
|-----------------------------|---|
| For non-emergency personnel | Avoid contact with skin, eyes and clothing. Use personal protective equipment. For personal protection see section 8. |
| For emergency responders    | Use personal protection recommended in Section 8.   |

#### **6.2. Environmental precautions**

Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Prevent entry into waterways, sewers, basements or confined areas.

#### **6.3. Methods and material for containment and cleaning up**

|                         |  |
|-------------------------|--|
| Methods for containment | Prevent further leakage or spillage if safe to do so.                                      |
| Methods for cleaning up | Soak up with inert absorbent material. Pick up and transfer to properly labeled containers |

#### **6.4. Reference to other sections**

See Sections 8 & 13 for additional information.

## SECTION 7: Handling and storage

### **7.1. Precautions for safe handling**

Wear personal protective equipment. See section 8. Avoid contact with skin, eyes and clothing. Remove and wash contaminated clothing before re-use. Handle in accordance with good industrial hygiene and safety practice. Handle in accordance with good industrial hygiene and safety practice.

### **7.2. Conditions for safe storage, including any incompatibilities**

Keep container tightly closed in a dry and well-ventilated place.

### **7.3. Specific end use(s)**

Use as a laboratory reagent

## SECTION 8: Exposure controls/personal protection

### **8.1. Control parameters**

| <b>Chemical Name</b> | <b>European Union</b>   | <b>United Kingdom</b>   | <b>France</b>  | <b>Spain</b>   | <b>Germany</b>  |

### **8.2. Exposure controls**

**Appropriate engineering controls**      Showers, eyewash stations, and ventilation systems.

**Individual protection measures, such as personal protective equipment**

|                    |   |
|--------------------|---|
| Eye/face           | If splashes are likely to occur, wear: Tightly fitting safety goggles   |
| Hand               | Impervious gloves   |
| Skin (except hand) | Wear suitable protective clothing.  |
| Respiratory        | When workers are facing concentrations above the exposure limit they must use appropriate certified respirators |

**Environmental Exposure Controls**

No information available.

**SECTION 9: Physical and chemical properties****9.1. Information on basic physical and chemical properties**

|                |                          |
|----------------|--------------------------|
| Physical state | liquid                   |
| Appearance     | clear                    |
| Odor           | No information available |
| Odor Threshold | No information available |
| Color          | colorless                |

| Property                                | Value | Remarks/Method           |
|---|-------|--------------------------|
| ph                                      | 7.5   | at 20°C                  |
| Melting point/freezing point            |       | No information available |
| Initial boiling point and boiling range |       | No information available |
| Flash point                             |       | No information available |
| Evaporation rate                        |       | No information available |
| Flammability (solid, gas)               |       | No information available |
| Upper flammability limit                |       | No information available |
| Lower flammability limit                |       | No information available |
| Vapor pressure                          |       | No information available |
| Vapor density                           |       | No information available |
| Relative density                        |       | No information available |
| Solubility                              |       | No information available |
| Partition coefficient: n-octanol/water  |       | No information available |
| Autoignition temperatur                 |       | No information available |
| Decomposition temperature               |       | No information available |
| Viscosity                               |       | No information available |
| Explosive properties                    |       | No information available |
| Oxidizing properties                    |       | No information available |

**9.2. Other information**

|                              |                          |
|------------------------------|--------------------------|
| Softening point              | No information available |
| Molecular Weight             | No information available |
| Solubility in other solvents | No information available |
| VOC content                  | No information available |
| Density                      | No information available |

## SECTION 10: Stability and reactivity

### **10.1. Reactivity**

No information available.

### **10.2. Chemical stability**

Stable under normal conditions.

### **10.3. Possibility of hazardous reactions**

|                          |   |
|--------------------------|---|
| Hazardous polymerization | Hazardous polymerization does not occur |
| Hazardous reactions      | None under normal processing.           |

### **10.4. Conditions to avoid**

Extremes of temperature and direct sunlight. Over a period of time, sodium azide may react with copper, lead, brass, or solder in plumbing systems to form an accumulation of the HIGHLY EXPLOSIVE compounds of lead azide & copper azide

### **10.5. Incompatible materials**

Strong oxidizing agents. Strong acids.

### **10.6. Hazardous decomposition products**

Nitrogen oxides (NO<sub>x</sub>).

## SECTION 11: Toxicological information

### **11.1. Information on toxicological effects**

This product is for experimental uses only. The product has not been completely analyzed and all of the hazards may not be known. Please use caution while handling this product.

| Chemical Name | LD50 oral      | LD50 dermal                             | LD50 inhalation |
|---------------|----------------|---|-----------------|
| Sodium azide  | 27 mg/kg (Rat) | 20 mg/kg ( Rabbit )<br>50 mg/kg ( Rat ) | -               |

### **Information on likely routes of exposure**

|              |   |
|--------------|---|
| Inhalation   | Avoid breathing vapors or mists. May cause irritation of respiratory tract.     |
| Eye contact  | Avoid contact with eyes. May cause slight irritation.                           |
| Skin contact | Avoid contact with skin.  |
| Ingestion    | Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea. |

|                                   |   |
|-----------------------------------|---|
| Symptoms                          | Symptoms of allergic reaction may include rash, itching, swelling, trouble breathing, tingling of the hands and feet, dizziness, lightheadedness, chest pain, muscle pain, or flushing. |
| Skin corrosion/irritation         | No information available.   |
| Serious eye damage/eye irritation | No information available.   |
| Sensitization                     | No information available.   |
| Mutagenic effects                 | No information available.   |
| Carcinogenic effects              | No information available.   |
| Reproductive toxicity             | No information available.   |
| STOT - single exposure            | No information available.   |
| STOT - repeated exposure          | No information available.   |
| Aspiration Hazard                 | No information available.   |
| Other information                 | No information available.   |

## SECTION 12: Ecological information

### **12.1. Toxicity**

| Chemical Name | Toxicity to algae                                     | Toxicity to fish  | Toxicity to daphnia and other aquatic invertebrates |
|---------------|---|---|---|
| Sodium azide  | EC50 0.35 mg/L (Pseudokirchneriella subcapitata) 96 h | LC50 0.8 mg/L (Oncorhynchus mykiss) 96 h<br>LC50 5.46 mg/L (Pimephales promelas) 96 h<br>LC50 0.7 mg/L (Lepomis macrochirus) 96 h | LC100 1 mg/L (Orconectes rusticus) 96 h             |

### **12.2. Persistence and degradability**

No information available.

### **12.3. Bioaccumulative potential**

|                               |                           |
|-------------------------------|---------------------------|
| Bioaccumulation               | No information available. |
| Bioconcentration factor (BCF) | No information available. |

### **12.4. Mobility in soil**

No information available.

### **12.5. Results of PBT and vPvB assessment**

No information available.

### **12.6. Other adverse effects**

No information available.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

|                                       |   |
|---------------------------------------|---|
| Waste from residues / unused products | Dispose of in accordance with local regulations.  |
| Contaminated packaging                | Empty containers should be taken to an approved waste handling site for recycling or disposal.      |
| Other information                     | Waste codes should be assigned by the user based on the application for which the product was used. |

## SECTION 14: Transport information

### IMDG/IMO

|  |               |
|--|---------------|
| UN number  | Not regulated |
| UN proper shipping name  | Not regulated |
| Transport hazard class(es)   | Not regulated |
| Packing group  | Not regulated |
| Environmental hazards  | None          |
| Special precautions for user   | None          |
| Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code | Not regulated |

|                              | <b>ADR/RID</b> | <b>IATA</b>   |
|------------------------------|----------------|---------------|
| UN number                    | Not regulated  | Not regulated |
| UN proper shipping name      | Not regulated  | Not regulated |
| Transport hazard class(es)   | Not regulated  | Not regulated |
| Packing group                | Not regulated  | Not regulated |
| Environmental hazards        | None           | None          |
| Special precautions for user | None           | None          |

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### Candidate List of Substances of Very High Concern for Authorization Information

This product does not contain Substances of Very High Concern (SVHC).

#### SEVESO Directive Information

This product does not contain substances identified in the SEVESO Directive.

## International inventories

## 15.2. Chemical safety assessment

For this substance a chemical safety assessment has not been carried out.

## SECTION 16: Other information

### Full text of H-Statements referred to under Sections 2 and 3

This substance/mixture does not meet the criteria for classification in accordance with Regulation (EC) No. 1272/2008.

**Classification procedure:** Expert judgment and weight of evidence determination.

**Issuing Date:** 2020-10-10
